

Heinz Meyer, M.D.

Konnarook, Va., October 21, 1939.

Yours very truly  
Heinz Meyer

My dear Mrs. Schaufuss,

A week passed away since we left New York and that week was filled with troubles to such an extent that there was neither time nor room for concentration necessary for writing a letter.

To-day, we had our first meal in our own room, a sign that settlement begins to get under way. Our rooms are rather poor <sup>as usual</sup> with regard to furniture. I suppose Pastor Kirsch told you about what happened with our lift-van. Enclosed you will find the copy of a letter which I wrote to W. Heimann, 24 State Street, who took care of the storage of our lift-van in the Foreign Trade Zone. Dr. Scheiberg, employee of W. Heimann, to whom I spoke about this matter was of opinion that there is good reason for investigation whether or not the damage of the lift-van took place after its arrival in New York. He urgently advised us to get the damaged material examined by an expert. He may-be called you up in the mean time as he intended to do.

You can imagine our mental condition when we started yesterday a week ago. We were so tired that we felt but apathetic. We were wondering and worrying as to our future and we regretted not to have had the chance of talking to you, not in order to lament about our misfortune, but only to bid you Good-bye and to thank you once more for your help.

The pressure during the last week before our departure caused also that we did not have time enough to carry the small bronze to Dr. Michel as we had intended to do. We shall send it to him by registered mail during the next time.

The question of the license of the State of Virginia has not been cleared yet and there seems to be some very sincere difficulties on the part of the Virginian Board of Health. Thus, the date of the beginning of my practice cannot be foreseen either. I shall keep you informed about the developments of both the Virginian-license- and the lift-van-affairs.

As to the record which I promised to send you I shall write it during one of the coming days.

Mrs. Meyer and I send you our kindest regards

October 21, 1933. With our best wishes.

Yours very sincerely

My Dear Mrs. Schaufuf

Enclosed I send you the copies of ~~two~~ letters  
one of which I ~~sent~~ mailed to Dr. Kirsch and another to  
Mr. Tausenbaum of the Committee for Re-estab-  
lishment of Foreign Physicians.

Is it asking too much, if I beg you to  
get in touch with Mr. Tausenbaum. I sup-  
pose it would be the <sup>best</sup> that I had an  
appointment with Mr. Tausenbaum, but I am  
afraid of the expenses ~~due to the~~ which would  
amount to about \$25. - for 1 ~~to~~ person and, after  
all, I ~~am not sure~~ whether I shall be able to decide anything <sup>by myself</sup>.

How we feel? Must I tell you about  
that? We are near the end I hope.  
Is it necessary to tell you about <sup>for the first time</sup> we  
both my wife and I ~~do not believe~~ that all our efforts will be of  
any sense. Our thanks and best regards

yours very sincerely

If you consider it  
right,  
\* Perhaps you may  
give him the copy  
of my letter to Dr.  
Kirsch.
