

JOSEPH R. BLALOCK, M. D.  
SUPERINTENDENT

COMMONWEALTH OF VIRGINIA  
STATE HOSPITAL BOARD  
OFFICE OF

L. H. HUBBLE,  
STEWARD

SOUTHWESTERN STATE HOSPITAL  
MARION, VA.

October 28, 1941.

Dr. Heinz Meyer,  
Konnarock, Virginia.

Dear Dr. Meyer:

RE: STAMPER, Luther McKinley

Your recent inquiry regarding the above named has been handed to me and I beg to advise that he is a patient on parole from this hospital. He has been on parole since April 16, 1941, and will continue on the same status until April 15, 1942 at which time we will consider the matter of his discharge. As to his mental condition we consider him to be a case of Dementia Praecox, Paranoid Type. As to his physical condition when he was in the hospital we found nothing that would contra-indicate him doing physical work. We have recently corresponded with Mr. Hash, Superintendent of Public Welfare, Independence, Virginia, regarding him and the possibility of his being placed at work.

Yours very truly,

*Joseph R. Blalock*  
Joseph R. Blalock, M. D.,  
Superintendent.
