Dear Mr. Meyer:

It gives me great pleasure to inform you that the excellent record you have made during the past half-year entitles you to a place in Group I of the Rank List and to the privileges of the Dean's List for the coming half-year.

Only about two per cent of the College make Group I; you are, therefore, one of the top scholars of your class and have obviously been making good use of your opportunities at Harvard. I congratulate you most heartily on your fine achievement and hope that you will maintain the same high standard in the future.

Sincerely yours,

WJ Bender

Dean
