Dear Alex,

How are you? I have been sick in a pleasant relaxing way. Friday I telephoned school to say I wouldn't be ~~home~~ in and then came home. Now I'm about to go back. All is quite pleasant and apparently relaxed here.

Now here is the reason for my note - As usual to ask you for something. I haven't yet heard where John is going to spend Thanksgiving. If he will be here then all well and good. I will see you both here Wednesday night. But if not; if he will only be driving down with you and spending the night here and then going on to Virginia - I have been wondering whether you could stop in New York and pick me

up. That way I would see a little of him. However, if this seems awkward for any reason, please do not give it a second thought.

I will come home Wednesday afternoon unless I hear from you by telephone or special delivery letter (to the school, because that is sweet - The Brearley School 610 East 83d St. New York 28, New York.)

Love Margaret.

Could you let Mother know who, if anyone, is coming with you.
