U. S. STUDENT PROGRAM

May 23, 1950

Dear Mr. Meyer:

The Institute of International Education has been instructed by the Board of Foreign Scholarships to inform you that your application for a United States Government foreign study grant under Public Law 584, 79th Congress (the Fulbright Act) has received careful consideration. We regret to advise you that no award was approved in your case.

The competition which you entered was a rigorous one, and the number of opportunities limited. Consequently, many worthy candidates did not receive approval.

We thank you for your interest in the program and wish you every success in your future plans.

Yours sincerely,

David Wodlinger

David Wodlinger, Director
U.S. Student Program
